ISO 42001 AI Management System (AIMS) Foundation

Welcome

The Professional Development Institute® (PDI) is one of the leading international institutions specialized in qualifying and developing professional competencies. It is headquartered in the United Kingdom (UK) and has a proven track record in preparing specialized professionals across vital sectors, including banking, finance, and insurance. PDI is distinguished by offering internationally recognized professional certifications that enhance individual efficiency and strengthen their capabilities in the global workplace

This program enables participants to acquire comprehensive knowledge and advanced practical skills to design, implement and certify AI Management Systems. It enables them to plan, implement, manage, and maintain an Artificial Intelligence Management System based on ISO 42001.

Participants will build fundamental understanding of AI governance, ethical AI, and ISO/IEC 42001 requirements.

What you will Learn- Key Takeaways

- AI governance principles and risk of AI misuse
- ISO/IEC 42001 structure and clauses
- AI ethics, bias, transparency & accountability
- Context of organization & interested parties
- Basic AI risk management & lifecycle control
- Documentation & continual improvement

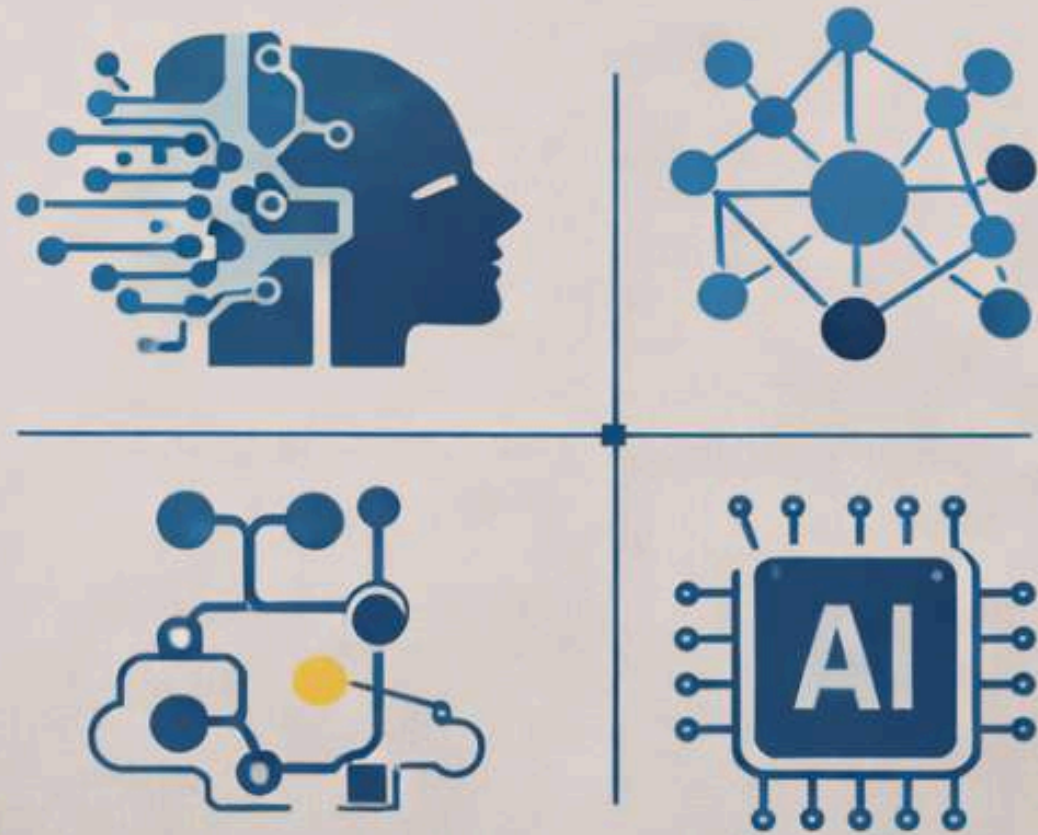

Curriculum

- **Module One:** Introduction to AI Governance
- **Module Two:** AI Risks, Ethics & Regulatory Exposure
- **Module Three:** ISO 42001 Framework & Clauses
- **Module Four:** AI Context, Stakeholders & Policy
- **Module Five:** AI Risk Assessment
