ISO 42001 AI Management System (AIMS) Internal Auditor

Welcome

The Professional Development Institute® (PDI) is one of the leading international institutions specialized in qualifying and developing professional competencies. It is headquartered in the United Kingdom (UK) and has a proven track record in preparing specialized professionals across vital sectors, including banking, finance, and insurance. PDI is distinguished by offering internationally recognized professional certifications that enhance individual efficiency and strengthen their capabilities in the global workplace

This program enables participants to acquire comprehensive knowledge and advanced practical skills to plan, implement, manage, and maintain an Artificial Intelligence Management System based on ISO 42001. This program Train professional auditors for ISO 42001 certification audits.

Participants will be enabled for auditing of AI systems, data pipelines and governance maturity. The course emphasizes practical application of information security controls, risk management methodologies, security governance, and incident response planning, qualifying professionals to drive sustainable information security across organizations of all sizes and sectors.
